Theme Song

***If this is too hard for you to figure out on your ipad, try a different square :)**

Steps...

- 1. If you could represent yourself with a beat or song, what would it sound like? Think about how you would describe yourself to someone...are you funny? smart? kind? Then try and make a song that sounds like that!**
- 2. Now go to your Grageband app...it looks like this -->**
- 3. If you can't find it, go to your Zulu desk app and download it**
- 4. I like to swipe until you see "Drums" and click "Beat Sequencer" (but you can pick any instrument you like!)**
- 5. Try to create a beat or pick some musical loops to create a theme song to fit your character**
- 6. When you finish your song, hit the "page" button in the top left to go back to the main screen**
- 7. Then, hold down your finger on your song until a menu appears**
- 8. Pick "share"**
- 9. Pick "song"**
- 10. Pick "share" in the upper right**
- 11. Pick "mail"**
- 12. Type in my email address: sgritz@d56.org then send! Try to remember to let me know what character it is :)**
